Mineral Water (still and sparkling)	£ 4.00 per bottle

Drinks with the meal

We recommend that $\frac{3}{4}$ of a bottle of wine is allowed per person. We do not publish a wine list at this stage, as vintages and availability will change. As a guideline our house wines are priced from £19.50 per bottle.

It has become customary for still and sparkling water to be offered during the meal.

If there are children attending and guests who will be driving after the event, you should consider the provision of soft drinks.

These prices, which are applicable until 31st December 2011 are to assist you to estimate costs but may be subject to change
